The Auctioneer recognizes that any payments made after the effective date of Seller's Plan of Liquidation filed in the United States Bankruptcy Court in the District of Delaware (the "Court") on February \_\_, 2009 (the "Plan") will have to be coordinated with the Seller's Liquidating Trustee (as defined in the Plan).

## 2. AUCTION:

(a) Seller acknowledges that the Auctioneer will conduct an auction, (the "Auction") of the Assets on or about March 17, 2010. The closing (the "Closing") of the transaction contemplated by this Agreement shall be deemed to occur immediately prior to the Auction. The Auction will be conducted exclusively over the Internet at [www.hgpauction.com](http://www.hgpauction.com) (the "Website") and shall be advertised on the Website as a "Featured Online Auction." Auctioneer may, in its discretion, choose to offer the Assets for sale by the piece or by the lots. Seller agrees that Auctioneer may use its name, street address and logo in its advertising in accordance with Auctioneer's customary practice, including on its Website as well as in any press release, solely to perform services under this Agreement.

(b) All Assets in the Auction shall be sold to the highest bidder (subject only to the bidder's timely payment in full and removal of purchased Assets). In the event any Asset remains unsold for any reason after conclusion of the Auction, Auctioneer shall at its option include those Assets in a subsequent auction, in accordance with Section 8 below.

**3. ASSET REMOVAL:** Auctioneer will remove all Assets from the Seller's Premises by March 31, 2010 according to a schedule to be mutually agreed to with the Seller. Removal shall be at the sole expense, liability and risk of the Auctioneer. Assets can only be removed from the Seller's Premises on presentation of an original bill of sale and certificates of insurance per Section 11 below. Auctioneer and/or its subcontractors assume all risks upon commencement of the Auctioneer of the dismantling or other work to be performed by the Auctioneer and/or its subcontractors on the Seller's premises. The Auctioneer shall be solely responsible for rigging, packaging and shipping the sold Asset. Auctioneer will save and hold Seller harmless from and against all liability, claims and demands on account of personal injuries, including death, or property loss and damage to others (including Seller's employees) arising out of or in any way connected with the performance of such work, and caused by the negligent or willful act or omission of the Auctioneer and/or its subcontractors, and Auctioneer will at its own expense defend and all such actions based thereon and will pay all charges of attorneys and other costs and expenses arising therefrom. Any Asset not removed from the Seller's Premises by March 31, 2010 will be withdrawn from the list of Assets and considered abandoned by the Auctioneer. It is currently expected that all laboratory equipment assets will be removed between March 17-24, 2010; all furniture assets will be removed between March 24-29, 2010; and all IT equipment assets will be removed between March 29-31, 2010. Auctioneer agrees that after all the items have been photographed and tagged, Auctioneer will furnish the sale catalog to Seller to provide the final removal dates requested on any staggered delivery.

**4. DISCLAIMERS OF WARRANTIES:** Auctioneer shall state both in its advertising for the Auction and at the Auction that all Assets are being sold "as is, where is and with all faults and disclaimers of all other warranties express or implied, including disclaimers of the warranties of merchantability and fitness for a particular purpose. Seller acknowledges and agrees that Auctioneer has no knowledge with respect to, and has no obligation to investigate, the merchantability or fitness for any particular use of any Asset.

**5. BUYER'S PREMIUM:** Seller understands that Auctioneer shall charge each successful bidder its standard buyer's premium of 15% of the purchase price (the "Buyer's Premium") for its own account relating to preparing for and the conduct of the auction. The Auctioneer will collect the Buyer's Premium directly from each purchaser in addition to the purchase price as bid for such Auction services.

8

Payment to the Auctioneer of such Buyer's Premium by the successful bidder is not dependent on any other service provided by the Auctioneer in connection with the Auction subsequent to the actual Auction event, if any. Seller shall not be liable to Auctioneer for Buyer's Premium in the event that a purchaser fails to live up to its agreement and complete a purchase.

#### **6. AUCTION EXPENSES:**

- (a) Seller acknowledges that the Auctioneer may incur certain expenses in connection with advertising the Auction, which may include:
- (i) digital photography of the Assets, print and electronic media production, creative services, ad placement fees, brochure and catalog production, telemarketing, data list purchases, fax and email advertising and postage incurred in connection with the Auction;
  - (ii) labor expenses related to the Auction;
  - (iii) travel expenses; and
  - (iv) other miscellaneous expenses related to the Auction, including accounting, equipment rental, insurance, and permits (all such expenses listed in this clause (a), the "Auction Allowance").
- (b) Seller acknowledges and agrees that up to \$35,000 of the Auction Allowance actually and reasonably incurred by the Auctioneer shall in all events be deducted from the Proceeds of the Auction by the Auctioneer and retained by the Auctioneer.

**7. PRE-AUCTION ASSET TRANSACTIONS:** Prior to the Auction, Seller may remove any Asset from the list in Exhibit A. Any such removal prior to the Auction shall reduce the Minimum Guarantee amount payable pursuant to Section 1 by an amount equal to the fair market value of the removed Asset.

#### **8. COLLECTION AND DISBURSEMENT OF AUCTION PROCEEDS:**

(a) Auctioneer shall collect from the purchasers of any Asset in the Auction the purchase price for the Asset plus any applicable sales taxes and amounts due as Buyer's Premium and deposit such funds into a bank depository account maintained by the Auctioneer. Seller acknowledges and agrees that Auctioneer may use funds in such account to discharge any liens on the Assets, encumbrances of record and personal property taxes ("Liens"); provided, however, that no such payments shall be made without the prior written consent of Seller (which consent may not be unreasonably withheld or delayed). All applicable sales taxes collected by Auctioneer shall be paid to the appropriate taxing authorities out of the account. Thereafter, no later than 10 calendar days after any Auction, Purchase shall pay to Seller by check or wire transfer of immediately available funds the Proceeds of the Auction. For purposes of this Agreement, the "Proceeds of the Auction" means all revenue from the sale of Assets in the Auction, but excluding (i) any sales taxes collected by Auctioneer, (ii) any Buyer's Premium collected pursuant to Section 5; (iii) an amount equal to the Minimum Guarantee and (iv) up to \$35,000 of the Auction Allowance.

(b) No later than 30 calendar days after the Auction, Auctioneer shall also issue to Seller or the liquidating trustee for the Seller a settlement report (the "Settlement Report") showing, generally, a record of sales of the Assets and the allocation of the funds generated by such sales, subject to open items or uncollected accounts, if any.

**9. MARKETING AND SUBSEQUENT AUCTIONS:** Auctioneer may commence marketing of Assets upon execution of this Agreement, with all Assets marked "sale subject to approval by the U.S. Bankruptcy Court in the District of Delaware" until approval is granted by the court as described in Section 19 below. In the event that some Assets remain unsold at the conclusion of the first Auction, or a purchaser fails to perform its obligation to pay the purchase price of an Asset, Auctioneer may, at its discretion, have the option of including those Assets in up to two subsequent auctions. If Assets remain unsold after two subsequent auctions, or if Auctioneer chooses not to include such Assets in any

subsequent auction, then Auctioneer shall surrender and return the Assets and all interest therein to Seller, and will have no further obligation with respect to such Assets ('Unsold Assets').

**10. UTILITY DISCONNECTION:** Immediately after a sale at the Auction, Seller shall disconnect all utilities to the sold Asset, including electric, gas, waste and water lines, in a reasonable manner designed to protect the Asset and the Premises, at Seller's sole cost. Under no circumstances shall Auctioneer be responsible for any loss, damage or destruction associated with Seller's disconnection of the Assets. Seller and Auctioneer will mutually agree on a schedule for preparation of the Seller's nuclear magnetic resonance machine for removal from the Premises, as it requires special handling.

**11. INSURANCE:** Seller shall be solely responsible for maintaining adequate insurance coverage for the Assets until an Asset is delivered to Auctioneer at the Premises for rigging, packaging, removal and shipping, which for the avoidance of doubt will be after the Closing as contemplated hereby. Prior to commencing work at the Seller's Premises for removal of the assets, Auctioneer shall provide certificates for all workers' compensation insurance for Auctioneer's employees in compliance with all applicable state and local laws, employer's liability insurance for bodily injury (limit of not less than \$500,000 per accident and disease), commercial general liability insurance for personal injury and property damage (limit of \$1 million per occurrence and \$2 million annual aggregate) and automobile liability insurance for personal injury and property damage (combined limits of \$1 million per occurrence).

**12. DESTRUCTION OF ASSETS:** Seller agrees that, upon its collection of any insurance proceeds payable on account of the destruction of any or all of the Assets after sale in the Auction but prior to payment by a successful bidder in the auction, Seller shall pay to Auctioneer a portion of such proceeds sufficient to pay up to \$35,000 of Auctioneer's Auction Allowance under Section 5, any applicable sales taxes and amounts payable as Buyer's Premium for any Asset sold but not delivered under Section 4 (collectively, the "Recovery Obligations"). The obligation from the preceding sentence shall survive until Seller has paid to Auctioneer all amounts owing under the Recovery Obligations.

**13. USE OF PREMISES:**

(a) For the purposes of this Agreement, the "Premises" shall mean Seller's offices at Four and Five Science Park, New Haven, CT, 06511 or such other location as is mutually agreed upon. Seller authorizes Auctioneer and its representatives to enter upon and use the Premises with coordination and supervision from the Seller for the purposes of (i) preparing for and conducting sales of the Assets, (ii) otherwise exhibiting the Assets to prospective purchasers, and (iii) removing the Assets. Seller agrees that Auctioneer shall not be charged a fee for the use of the Premises.

(b) Seller acknowledges and agrees that Auctioneer has no interest of any kind or nature in the Premises, and that Auctioneer has no knowledge as to any previous use or occupancy of the Premises. Seller acknowledges and agrees that Auctioneer shall not be responsible for damage or injury to the Premises resulting from or arising in connection with the sale or removal of the Assets, except to the extent that such damage or injury is caused by Auctioneer's negligence or willful misconduct.

**14. REPRESENTATIONS AND WARRANTIES:** Seller represents and warrants to Auctioneer as follows:

(a) Subject to the approval of the Court (as described in Section 20 below), Seller is authorized to execute and perform this Agreement, and this Agreement constitutes a valid and legally binding obligation of Seller, enforceable in accordance with its terms.

(b) Seller now holds (and, up to the moment of the Auction or other sale provided for under this Agreement, will hold) good and marketable title to all Assets free and clear of any lien, security interest, leasehold interest, co-ownership interest or any other type of encumbrance or interest.

(c) To the Seller's knowledge, none of the Assets infringes or violates (or contains any parts or components which infringe or violate) any third party's copyright, patent, trademark, trade secret or other proprietary rights.

(d) No sale of the Assets will constitute a bulk sale subject to the Bulk Transfer Article of the Uniform Commercial Code for any state in which any of the Assets are located.

(e) No Hazardous Substances are contained in or made a part of the Assets. For purposes of this Agreement, the term 'Hazardous Substances' shall mean, either individually or collectively, any chemical, solid, liquid, gas, or other substance having the characteristics identified in, listed under, or designated pursuant to (i) the Comprehensive Environmental Response, Compensation and Liability Act of 1980 (CERCLA) as amended, 42 USCA Section 9601 (4), as a "hazardous substance," (ii) the Resource, Conservation and Recovery Act, 42 USCA Sections 6903(5) and 6921, as a "hazardous waste," or (iii) any other laws, statutes, or regulations of a government or political Subdivision or agency thereof, as presenting an imminent and substantial danger to the public health or welfare or to the environment, or as otherwise requiring special handling, collection, storage, treatment, disposal, or transportation. Seller agrees that nothing in this Agreement shall be construed to require Auctioneer to remove any Hazardous Substances that are present on the Premises or are contained in a part of the Assets.

(f) None of the Assets or any components thereof, or related software or technology requires a U.S. Government license for export from the United States to countries other than those which are subject to comprehensive embargoes or support for terrorism (currently, Cuba, Iran, North Korea, Sudan, or Syria, as the same may change from time to time) except those specifically listed in writing delivered by Seller to Auctioneer, with the respective Export Control Classification Numbers for such listed Assets.

Seller acknowledges and agrees that Auctioneer is relying on the foregoing representations and warranties in proceeding to conduct the Auction and/or sales provided for under this Agreement. Seller agrees to defend and indemnify Auctioneer and hold Auctioneer harmless from and against any claim, demand, cause of action, liability or expense (including attorneys' fees) asserted against or incurred by Auctioneer in connection with Seller's breach of any of its representations, warranties or obligations in this Agreement. If any action at law or in equity is brought to enforce the terms of this Agreement, the prevailing party shall be entitled to recover its reasonable attorneys' fees and costs from the other party.

**15. TECHNOLOGY DISCLAIMER: AUCTIONEER DOES NOT WARRANT THAT THE FUNCTIONS, FEATURES OR CONTENT CONTAINED IN THE WEBSITE, INCLUDING ANY THIRD-PARTY SOFTWARE, PRODUCTS OR OTHER MATERIALS USED IN CONNECTION WITH THE WEBSITE, WILL BE TIMELY, SECURE, UNINTERRUPTED OR ERROR FREE, OR THAT DEFECTS WILL BE CORRECTED.**

**16. INDEPENDENT PARTIES:** This Agreement shall not be construed (i) to create a partnership or joint venture between Seller and Auctioneer, or (ii) to imply that Auctioneer is buying the assets of (other than the Assets), or any interest in, Seller.

**17. DISPUTES:** The parties agree to submit all controversies, claims and matters of difference arising out of or relating to this Agreement for resolution by the Court.

**18. COUNTERPARTS; FACSIMILE SIGNATURES:** This Agreement may be executed in any number of counterparts, each of which, when executed, will be deemed to be an original and all of which, when taken together, will be deemed to be but one and the same instrument. Delivering Signatures via facsimile or e-mail shall be an acceptable means of executing this Agreement, and signatures so delivered shall be fully binding on the signing party.

**19. BANKRUPTCY COURT APPROVAL.** On December 17, 2009, the Seller filed a voluntary petition for relief in the Court under Chapter 11 of the United States Bankruptcy Code. As such, the Seller's obligations under this Agreement are subject to the approval of the Court. Promptly after the

8

execution of this Agreement, the Seller shall make a motion to Court seeking an order approving this Agreement. In the absence of such an order the Seller cannot fulfill its obligations to transfer the Assets hereunder or permit the conduct the Auction as contemplated hereby. If the Court affirmatively rejects such motion, either party may terminate this Agreement with immediate effect upon written notice to the other party and without liability of any kind to such other party.

**20. GOVERNING LAW; JURISDICTION:** This Agreement shall be governed by, and construed and enforced in accordance with, the substantive laws of the State of New York as applied to agreements made in New York, without regard to choice of law principles that would result in the application of the laws of another jurisdiction.

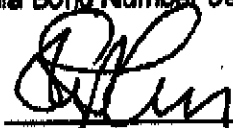

**21. SEVERABILITY:** The provisions of this Agreement shall be severable. Should any part, term or provision of this Agreement be construed by any court of competent jurisdiction to be illegal, invalid or unenforceable for any reason, the legality, validity and enforceability of the remaining parts, terms and provisions shall not be affected thereby.

**22. COMPLETE AGREEMENT:** This Agreement constitutes the entire understanding between the parties and replaces any and all prior agreements related to the sale of the Assets and the Auction. This Agreement may not be modified or amended except in writing signed by both parties.
